Location: Singapore

Category: other-general

As a member of #TeamPSA, you will be part of a diverse and global team at the forefront of creating cargo solutions to enable more agile, resilient and sustainable supply chains. Experience first-hand and drive supply chain transformation from Singapore and through PSA's global network of ports, logistics and supply chain solutions. Alongside, we can move the world!

Develop Your Potential: We emphasise and offer exciting rotations, learning and development opportunities, which will fuel your career aspirations and complement your business exposure across our global network.

Diverse, Equal Opportunity: We build a sustainable work culture where all our people feel welcome, valued, respected and able to express their ideas and beliefs freely. We believe that diversity of thought and approaches in our workplace makes us stronger as a team.

Competitive Compensation & Benefits: We are committed to recognising and rewarding your contributions to the business. Our benefits packages aim to improve your quality of life by providing support for medical, dental, recreation, among others.

When you are an intern with PSA, you get to learn from one of The World's Port of Call. Our internship program is unique in that it is flexible and focused on the individual which can last from 12 weeks (for polytechnic students) to 6 months (for University students). Based on your faculty of studies, the training is conducted in one specific and relevant department. We may also assign you to a special project during your internship.

The internship will include an orientation on the overview of the organization, project, field

work (if relevant), guided hands-on practices. If you show yourself to be a cut above the rest, you may be recommended for potential hire upon graduation or at the end of the internship.
